THEME: FLORA AND FAUNA

Nature has long been a source of constant inspiration for fashion: from Alexander McQueen's SS07 dress made entirely from flowers and his butterfly headdress for La Dame Bleu in SS08; to Christopher Kane's SS14 floral collection which focused on butterflies, carnations and orchids. Remember that your finished look needs to work at a distance as well as close up.

Your accompanying Mood Board will storyboard your inspiration and vision. You'll be talking through this with the judges to walk them through your creation. Both male and female models are permitted. Style your model to complete your look, with carefully sourced clothing and great looking hair to reflect your creation. Newsletters are published by clubs, churches, societies, associations, and businesses—especially companies—to provide information of interest to members, customers, or employees.
