Theme: Revolutions

Contestants are required to design and make-up a character from a revolutionary period – this can be historical or cultural, from any part of the world. A suitable costume must be sourced.

Background

Our Film and TV character takes influence from a revolutionary period, whether cultural or historical and from any corner of the globe. Make sure your character will satisfy the compulsory elements listed below. Your inspiration board should be well researched and will be presented to the judges as part of process.

COMPULSORY ELEMENTS:

- Character Make-up
- A prosthetic piece such as nose, cheeks, etc.
- Hand laid hair - beard, moustache, eyebrows
- Full postiche - moustache or beard on a lace
- If female, the beauty has to be in accordance with the directive
- Hair to be styled or wig applied
- Makeup FX that come from the colour palette, not a piece

OPTIONAL MAKE-UP ELEMENTS:

- Wounds/bruises from the colour palette

- Recent injuries
- Illness

NOTES: This is to be treated like a proper Make-up Call on a movie or television set. At the end of the allotted time, the model will get into costume, just as they would in reality. You'll be judged on your interpretation of theme, design inspiration and attention to detail. Wigs and hair are important, as well as the costume, but it's down to your skill and creativity that will win the day here. Your accompanying Mood Board that you'll bring with you on the day will be a visual demonstration of your thought process and will illustrate your particular character and the make-up design you have chosen. You'll talk through your concept with our team of judges.
