Monday 24 th June	08:00-18:00	10:00-17:00 10:00 General Admission
Breakdown	Hall Open	Access for
Monday 24 th June	17:30- 22:00	Removal of all displays, exhibits and stand fittings
Shell Scheme stands should be cleared of all displays, products and exhibits by 19:00hrs Monday night.		
All sites should be cleared by 22:00 Monday night		

If you anticipate any issues with timings or your access, please contact the Operations team. **Please do not attempt to begin setting up your stand before your allocated time**, as this can disrupt others working in the hall and cause delays. Similarly, do not begin breaking down before the show closes as it poses safety risks to others.

You are strongly advised to remove everything from your stand as soon as possible as your stock and exhibits are most prone during breakdown. With this in mind, all stock and exhibits must be cleared by 19:00hrs on Monday night; under no circumstances should stock or anything of value be left in the halls after this time. If you foresee problems with this on-site you should contact the Organiser's Office immediately.

Any items not removed by 22:00 Monday night will be deemed as rubbish and disposed of. Any costs for this disposal will be passed on to the exhibitor.
